290 CORPSES STREWN IN BIALYSTOK STREETS

Victims of Mobs Were Terribly Mutilated.

SIX CHRISTIANS ARE MURDERED

Crimson Wave of Blood and Desolation Sweeps Russia with Unabridged Sway—Democrats May Seek Shelter Under the Flag of the Reds.

Counted 250 Jewish Corpses.

Odessa June 19.—The Novosti, of this city, published a dispatch Monday from its correspondent at Bialystok, saying: "I personally counted 290 Jewish corpses, a great number of which were horribly mutilated. Only six Christians were killed and eight wounded."

St. Petersburg, June 19—The constitutional Democrats seem almost ready to throw in their lot with the revolutionists. The popular agitation is so great that at a caucus lasting three mornings the question of changing the party's tactics and abandoning any further attempt to postpone an open rupture with the government was seriously debated.

The leaders of the constitutional Democrats in the lower house, led the radical wing urging the absolute necessity of keeping pace with the revolutionary movement, and insisting that unless they moved forward to battle immediately, that they would be overwhelmed and left stranded.

Professor Milukoff, M. Vinaver, and others counseled caution, saying it is not yet time to bend to the storm, but the Radicals were in the majority.

The Novoe Vremya says the constitutional Democrats have actually resolved to break with the government within the next few days, but the editor of another morning paper informs the Associated Press that no action has been taken. It is admitted, however, that the leaders' plans are being kept quiet.

Many fear a rupture and regard the contemplated step as a grave error. It is claimed by some that the constitutional Democrats cannot hope to keep step with the advanced radicals who, at meetings held in the suburbs of St. Petersburg Sunday night, condemned the lower house of parliament and characterized the constitutional Democrats as traitors, but even denounced the group of toil. M. Skobelin was hissed because he tried to explain the necessity of the [illegible] that the house must demand [illegible] emperor summon a constituent assembly. Finally Irias killed Alamilano with a pistol. The tragedy occurred in Alamilano's house. Irias will be tried, but has the sympathy of the Nicaraguan colony.

WET WEATHER HAS HURT CANTALOUPES

Crop Is Damaged at Least Fifty Per Cent by Continued Rains.

WATERMELONS ARE ALL RIGHT.

Rain Does Not Severely Effect Them, But Growers Feel That They Will Lose Out On Cantaloupes, as Crop Will be Short and Fruit Poor.

Reports from all over the Gainesville section, as well as from other sections where cantaloupes are grown in this State, are to the effect that, owing to the constant rains which have prevailed, the cantaloupe crop, which promised to be good, has been cut about fifty per cent short, and that the growers will suffer, if good prices are not realized within the next two or three weeks, which will be the first of of the season.

The melon crop, that is referring to cantaloupes, was larger this season than it has been for many years. The growers felt encouraged by the good prices formerly received, and, owing to the extraordinary flavor of the cantaloupes produced in this section, decided upon planting largely and heavily in melons this year, which they have done.

Growers bring information that the heavy and constant rains not only decreased the yield, but will have a tendency to make the fruit less palatable, owing to the fact that the water will have an effect to take the sweetness away. There has been no trouble in this direction so far, but growers and shippers are looking every day for this defect in the quality of the fruit.

The watermelon crop, however, seems to be practically unmolested, and melons are moving rapidly, although there are few in the local markets, and the price seems to be high. The water does not affect this fruit, however, and the watermelon prospect is good throughout the season.

HAS FINE CROP.

W. P. Shettleworth of Evinston a Boss Melon Grower.

Among the most prominent and successful melon growers of the State is Captain W. P. Shettleworth, who owns and "bosses" a fine farm, comprising a large acreage, at Evinston, and who enjoys the reputation of not only raising the finest melons, but securing the best prices of any grower in the State.

Captain Shettleworth is an authority on melons, and how to grow them. He knows his business when it comes to this, and his word and his opinion is law when it comes to melons.

Captain Shettleworth has this season 175 acres of watermelons and half as many acres sowed in cantaloupes. From his crops he has shipped fifteen carloads of watermelons and four carloads of cantaloupes, solid, for which he has received good prices.

Captain Shettleworth, who was in town on Monday, states that, while the crop will be short, the growers will receive a better price, which means in proportion that they will be almost as well off.

STREETS BEING CLEANED.

People Are Busy Cleaning Up After Sidewalk Works Completed.

Those who have been constructing sidewalks in front of their properties recently are now cleaning the streets in front of their premises, with the result that same will be clear and accessible in a day or two.

This work is being done under the supervision of the street committee of the City Council. There has been probably more work done along the line of paving of sidewalks within the past few months than in any other city in the State. The material used has been of the granolithic, which is handsome, and said to be the best to be secured

Within a short time all streets will be cleaned from the rubbish attending paving, and the good work will go on until the entire city is paved.

WILLIE FILER ARRESTED.

Brought Here as Accessory to Murder of Her Husband.

Willie Filer, a colored woman, was brought to this city from High Springs Monday and placed in jail, charged as accessory to the murder of her husband, whom it is alleged was killed by Sam Hall on the night of Tuesday, June 5.

It is said that the Filer woman was in love with Hall, and that the two conspired to waylay and kill him, in order that the Filer woman and Hall might live together.

Hall was brought to this city several days ago and committed without bail to await the action of the circuit court in the fall. The woman became mixed up with the case a few days later, probably because she talked too much, with the result that she is now also behind prison bars, and must await the action of the law.

A few doses started the brick-dust-like substance and now I have no pain across my kidneys and I feel like a new man. It has done me $1,000 worth of good." Foley's Kidney Cure will cure every form of kidney or bladder disease. J. W. McCollum & Co.

DEATH OF GOOD MAN.

Father of H. McL. Grady of High Springs Passed Away in Georgia.

H. McL. Grady of High Springs has returned from Harnett county, Georgia, where he was summoned Monday of last week to attend the funeral of his father. Mr Grady's numerous friends in High Springs and Gainesville will sympathize deeply with him in the loss of this parent.

The Harnett County News has the following tribute to the deceased:

"Our community was shocked Monday morning last at the announcement of the sudden death of ex-Sheriff J. R. Grady, which occurred at his home early that morning. Mr. Grady had been in failing health for some time and his friends had been apprehensious that the end was not far off.

"The death of this honorable citizen of Harnett county is nothing less than a public loss. For many years Mr. Grady had been prominent in the affairs of our county, having held several public offices of trust and honor at the hands of the people, who trusted in his integrity and capacity to the utmost degree. He held the office of Sheriff for several years, covering the period of the Civil war, and after the war continued in the same office for several years. As an evidence of his great popularity at that period of our history he was elected sheriff of the county in 1868 as a Democrat, although the county at that time was largely Republican. After he had resigned as sheriff, he was elected to the Legislature and served one term. He afterwards was elected register of deeds and held that office for two terms. In all of these places of responsiblity he exhibited the highest capacity for business, and was faithful and efficient in all of them.

"Sheriff Grady was twice married. His first wife was Mary Green, sister of ex-Sheriff J. A. Green. She died many years ago. His second wife was Mary Elizabeth Harrington, who survives him. She is the daughter of Mr. John Harrington, formerly a prominent citizen of our county.

The remains were laid to rest in Summerville, where several of his family are buried. The funeral services were conducted by Rev. L. B. Pattishall in the presence of a large concourse of sorrowing friends.

"We speak the sentiments of the people of Harnett county, both white and colored, when we say that no better man than Sheriff Grady ever lived in Harnett county.

"To his bereaved widow and sorrowing children we tender our most sincere sympathy.

"Messrs. James Grady and H. McL. Grady of Florida, sons of Sheriff Grady, are here."

Prominent Californian Dies Suddenly.

San Francisco, June 19—George K. Fitch, one of the most prominent citizens of California, died suddenly Sunday night at San Rafael, where he had made his home since the fire destroyed his residence in this city. He was a pioneer of California, where he was known as a newspaper publisher and state printer. He retired from the newspaper business some years ago, but since then has devoted much of his time to local affairs in the interests of civic reform and to the progressive advancement of local improvements. He was 80 years of age.

A. A. Herren, Finch, Ark., writes: "Foley's Honey and Tar is the best preparation for coughs, colds and lung trouble. I know that it has cured consumption in the first stages." You never heard of anyone using Foley's Honey and Tar and not being satisfied. J. W. McCollum & Co.

CONTAGIOUS BLOOD POISON

THE WORST DISEASE IN THE WORLD

Contagious Blood Poison is the worst disease in the world; not only those who contract it suffer, but the awful taint is often transmitted to innocent offspring whose lives are blighted and bodies diseased because the virus of Contagious Blood Poison has been allowed to remain in the family blood. The first sign of this disease is usually a little pimple or blister, then a red rash breaks out, the mouth and throat ulcerate, the hair comes out, copper colored spots appear on the limbs, back and breast; and as the disease more thoroughly pollutes the blood, sores and ulcers form and if the trouble is not checked the finger nails drop off, and the soft bones of the nose and head are destroyed. S. S. S. goes down into the blood and forces out every particle of the poison and makes a complete and lasting cure. As soon as the system gets under the influence of the remedy the symptoms begin to pass away, and when the cure is complete the patient is left in perfect health. So thoroughly does S. S. S. rid the system of the virus that no signs of the disease are ever seen in after years, and posterity is born with a rich, pure blood supply. Book with complete instructions for home treatment and any medical advice desired will be given without charge.

I contracted Contagious Blood Poison by using a towel used by some infected person and had every symptom of the vile disorder. I tried everything I heard of but the disease got worse until I heard of S. S. S. which I commenced, and continued the treatment until I was entirely well. This was some time ago and I have never seen the slightest sign of the disease since. JOS. SCHLOEMER, 801 Allen Ave., St. Louis, Mo.

A Beautiful Home Wedding.

A beautiful home wedding was solemnized at the home of Mr. J. C. Brown, west of the city, at ten o'clock Tuesday morning, the contracting parties being Mr. A. W. Taylor of Jacksonville, and Miss Bessie Brown of Archer, Rev. S. B. Rogers of the Baptist church officiating.

Only the immediate relatives and friends of the contracting parties were invited.

Mr. Taylor is a young man of sterling worth and character, recently having resigned a place in the United States Navy, where he has been in service for the past five years, and holding a responsible position with the Jacksonville Street Railway Company.

Miss Brown is well known in Gainesville, having resided in the city for several years, only a few months ago moving with her brother to Archer. She is a young woman of fine qualities and lovable disposition, and any young man may well congratulate himself when he has succeeded in winning such a prize.

The bride wore a dress of white Japanese silk, trimmed with Valenciennes lace, and white gloves, making her look the very picturesque dream of the ideal June Bride.

An arch of flowers had been sprung in the parlor, in the center of which the wedding bells had been hung, amid festooned vines and ribbons. It was here the happy young couple took upon themselves the solemn vows that made them one. They left for their home in Jacksonville at 3 p. m. over the Atlantic Coast Line.

Their many friends wish for them a long and happy life.

A CHINESE FIGHT.

Chin Doo and Finn Chee Have Difficulty at Fairbanks Monday.

It is seldom that Chinamen fight, but when they do fight they mean business.

For the first time in the history of Chinamen in this county, a fight occurred between Chin Doo and Finn Chee, more commonly known as Joe and John, at the Fairbanks camp of C. W. Chase, Monday, and the manner in which both were skinned up from the effects of a "puller" demonstrated the fact that both were either exceptionally good fighters, or mighty poor ones. They were disfigured, however, and that was the end of it.

Manager Godwin, of the "place," was here Monday, and relates the altercation in his usual, humorous, original manner. He stated that the Chinamen broke their "puller" handles over each other's head, and without further resistance, went on to work, but were compelled to return. While they repaired the handles, they did not say a word about the trouble which had occurred.

PINKOSON ARRESTED VAGRANTS

Plenty of Work for All, But Some Determined to Shirk.

If the worthless loafers who are seen daily frequenting the public places do not soon get a move on themselves and accept the employment that is daily offered them, they will no doubt fall heir to the same trouble that is now bothering fifteen of the most lazy and shiftless individuals in the city.

For a long time it has been almost impossible to get any kind of labor, but if Marshal Pinkoson continues the gait he has struck it will only be a short time before these loafers will be glad to go to work and receive pay therefor instead of working in the chain gang, as Officer Pinkoson has started a war "for keeps" on the idlers. Tuesday he placed his grappling hooks on fifteen vagrants, and they will have to tell His Honor, the mayor, how it happened this morning.

Death of Mr. Joseph.

Information has reached this city of the death of Mr. Mayer Joseph, brother-in-law of J. M. Endel, which occurred at Newark, N. J., on Saturday of the past week.

Deceased was forty-seven years of age. His father was one of the pioneers of the city, and deceased was born and virtually reared here. His numerous friends and acquaintances will regret his demise, and sympathy is extended to the family.

THE REAL TEST

Of Herpicide Is to Giving It a Thorough Trial.

There is only one test by which to judge of the efficiency of any article, and that is by its ability to do the work it is intended to do. Many persons may look nice and smell nice, but the point is—do they eradicate dandruff and stop falling hair?

No, they do not, but Herpicide does. Because it goes to the root of the evil and kills the germ that attacks the scalp from whence the hair gets its life.

Letters from prominent people everywhere are daily proving that Newbro's Herpicide stands the "test of time."

It is a delightful dressing, clear, pure and free from oil or grease.

Another Rough Rider appointed to office. That Rough Rider regiment must have been a brigade.

The plurality rule prevailed in the primary for county officers in Baker, all the candidates agreeing thereto.

Close observers of Secretary Shaw's presidential boom are becoming convinced that there is considerable "lost motion" about it.

Secretary Shaw says the friends of the tariff are going to revise it. And if it is friends he is talking about, the revision probably will be "up."

From the way returns are already coming in the administration will have a large and varied assortment of lame ducks to take care of next fall.

With the thermometer crawling toward the century mark, the adjournment of Congress comes appreciably nearer in spite of the amount of legislation still unfinished.

England's advice to the anarchists will now be, "go West, young man," since it is a moral certainty that no nation will let them go East and England no longer wants them.

While the "grand old party" is full of confidence it can hardly help feeling nervous when it remembers that there ought to be no corporation campaign contributions in 1908.

An inquisitive correspondent wants to know whether all those Chicago packers are vegetarians. Couldn't answer for the packers, but their employes certainly ought to be.

Don't think the beef trust barons have no friends, as the Republican members of the Committee on Agriculture of the House of Representatives, headed by Chairman Wadsworth, are evidently trying to modify harsh legislation.

INCREASE OF ADVERTISING.

One of the most notable facts connected with a country newspaper of today is the large increase in the amount of advertising of local business houses. The change has taken place gradually, and has been marked especially during the past year or so. It is highly significant, and an inquiry as to the cause of it is of great profit, not only to those in the newspaper business, but to every business man and citizen of the town as well. The change, in brief, means that local merchants have found it necessary to call attention to their goods because of the immense competition they face, the most deadly element of which is that from the great stores of the large cities. These great establishments advertise their wares most lavishly, and the metropolitan newspapers which contain their advertisements are distributed over the country, some one paper of which enters nearly every home. The result is that these metropolitan establishments have built up an immense mail trade. In Gainesville and indeed in most of the towns hereabouts, there is no occasion for this out-of-town buying. The duty of citizens in the matter is plain, and where other things are equal support should be given local dealers. Our merchants have invested their capital, have erected buildings which are the pride of the city, and have established concerns which are almost metropolitan in character. They have built up our city, and it is only a fair return that they have the city's trade. To turn trade otherwise, even in the line of small purchases, which are great in the aggregate, is to invite the decline of property values in the city.

SENATOR MALLORY.

The St. Augustine Record says, in an interview in The Washington Post, United States Senator Mallory mildly deprecates the possible impression that illness has prevented him from duly attending to his official duties, and says: "If all the days that I have been present in the Senate were added together, I think it would be found that since the convening of Congress I have had a record of attendance equaled by few of my colleagues. It is true that I have at times been ill, but only a few days at a time, with the result that I have been in my seat a great deal of the winter. My health has much improved." The Senator's many Florida friends will be glad to know that his condition has not been as bad as was feared.

The good people of Oklahoma are sure of Statehood at last, a boon they would have enjoyed ten years ago if the Democrats had been in power, for everyone knows the Republican leaders kept it out for fear of having the Democratic representation increased in the Senate. Now, Oklahoma, show your "appreciation" of this outrage which you have endured by sending five Democrats to the House and two to the Senate, for it would have been probably ten years longer before Statehood would have come from the Republicans had it not been for the tireless fight the Democrats made for you.

Little Delaware has turned down Addicks at last, and elected Dupont, the powder king, to the Senate. But is this very much better than electing Addicks? Is a man who drives his competitors out of business and into ruin, as Dupont has done, any better than a millionaire who distributes all of his millions in buying votes? Pay your money and take your choice.

The Koreshans, a free lover organization, wants to run the Democratic party of Lee county. They were properly refused the right to vote in the primary.

Beware of Ointments for Catarrh that Contain Mercury,

as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surface of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free.

Sold by druggists. Price, 75c per bottle.

The catalogues of the Florida Female College which are now being distributed throughout the State set forth the many excellent advantages which Florida has provided for her girls and young women. The faculty is composed of able men and women. It is quite certain that no State in the South has provided superior opportunities for the higher development of her women than Florida has done in this college. This is as it should be. The best is not too good for our girls. During the first session of the college there were 205 young women in attendance, which is indeed an excellent showing for the first year.

In these days of strife between two great political parties we must remember that after all we are just a band of brothers here an earth, traveling from the cradle to the grave. We live side by side, our children attend the same school and after the smoke of the battle has cleared away, we will still be friends and neighbors. Let the bitter things go unsaid. At best, life is short, and we get out a full measure of sorrow.

The beef barons are very insistent that their packing houses are perfectly clean and that no unwholesome meat is sold to the public. At the same time we hear that a desperate effort is being made "to clean up and renovate" the packing establishments. Why not abolish the tariff on beef and cattle and so give the people competition with the trust and thus reduce the price to a reasonable basis?

It seems impossible to make necessary public improvements in Tampa. A recent decision of the Supreme Court declares the sewerage and paving contracts null and void, and all work has ceased. Considerable work has been done and it is doubted if the contractors can get pay for same.

Mayor Frecker of Tampa has sent his first message to the city council. It is an able and well prepared paper in which he declares for municipal ownership of the waterworks and the passage of an ordinance fixing the maximum rates to be charged for gas and electric lights.

BAD BLOOD

"I had trouble with my bowels which made my blood impure. My face was covered with pimples which no external remedy could remove. I tried your Cascarets and great was my joy when the pimples disappeared after a month's steady use. I have recommended them to all my friends and quite a few have found relief."

Miners Return to Work.

Kansas City, June 19.—A majority of the soft coal mines which shut down April 1st in Missouri, Kansas, Indian Territory and Arkansas, resumed operations Monday morning as far as heard from, as the result of the recent agreement reached between the miners and operators. A revolt in one district, No. 21, composed of Indian Territory and Arkansas, is threatened, however, and reports from the eight locals in the neighborhood of Hartford, Ark., say that the strike may be continued.

Try to Save Woman from Gallows.

Kansas City, June 19.—The movement to save Mrs. Agnes Myers from the gallows is growing in force. She has been sentenced to be executed at Liberty, Mo., June 29th, for the murder of her husband, Clarence Myers, on the same date that Frank Hoffman, her companion in the crime, is to be hanged at Kansas City. No effort is being made to prevent the hanging of Hoffman, but many letters are being sent the governor urging him to commute Mrs. Myers' sentence.

Chandler Kills Handey.

Birmingham, Ala., June 19.—M. B. Chandler, a prominent wall paper dealer at Bessemer, shot and killed A. H. Handey, a well known coal man, in Eagles hall at that place Sunday night. They were playing billiards and engaged in a dispute over the game. It is said that Handey drew a knife and advanced toward Chandler, when the latter drew a gun and fired at Handey five times. One shot took effect in the back near the heart, producing instant death. Chandler is in jail.

SCORE OVERCOME IN FIRE.

Many are Hurt in Half Million Dollar Blaze.

St. Paul, Minn., June 19.—The six story Ryan annex building was completely gutted by fire which was discovered shortly after 8 o'clock Sunday morning, and which burned fiercely all day. The estimated damage to the building and stocks of the occupants is between $450,000 and $500,000.

The fire orignated in the store occupied by the Palace Clothing company, supposedly from a defective electric wire. It had gained great headway when the fire department reached the building, but probably would have been confined to the basement but for the fact that a series of gas explosions prevented the firemen from getting at the flames and caused the blaze to spread throughout the entire structure.

Several firemen were badly cut by flying pieces of glass and 37 were overcome by heat and smoke. Ten of these were taken to the hospital and the rest to their homes. All will recover, with the possible exception of Lieutenant W. A. Bywards, of company No. 3, who is reported in a critical condition.

Cured of Bright's Disease.

Geo. A. Sherman, Lisbon Red Mills, Lawrence Co., N. Y., writes: "I had kidney disease for many years and had been treated by physicians for twelve years; had taken a well known kidney medicine and other remedies that were recommended, but got no relief until I began using Foley's Kidney Cure. The first half bottle relieved me and four bottles have cured me of this terrible disease. Before I began taking Foley's Kidney Cure I had to make water about every fifteen minutes, day and night, and passed a brick-dust substance, and sometimes a slimy substance. I believe I would have died if I had not taken Foley's Kidney Cure." J. W. McCollum & Co.

LESTER FUNERAL IN SAVANNAH.

Body of the Congressman Will Reach There Wednesday.

Washington, June 19.—Arrangements have been perfected for the funeral of Representative Lester. Escorted by the family, mmbers of the Georgia delegation and a committee designated to represent the house by Speaker Cannon, the body will be placed on the train leaving Washington at 10:50 a. m. Tuesday, and will arrive in Savannah at 4:50 a. m. on Wednesday.

It will be immediately taken to the church, where the confederate veterans will stand guard over the casket until the funeral services, to be conducted at 4:30 p. m. Wednesday, by Rev. Charles H. Strong.

The interment will be made at Bonaventure cemetery.

All the members of the Georgia delegation who can possibly leave Washington will attend. Judge Griggs left Washington Sunday night.

The members of the family who will accompany the body to Savannah will be Edward Karrow, of Savannah, his son Edward, and Thomas J. Randolph, another son in law of Savannah.

The speaker of the house extended his condolence to Mrs. Lester, and Miss Cannon called in person. The mayor of Savannah sent most touching telegrams of sympathy.

TOWN WAS NOT DESTROYED.

But Hundreds of People Left City Because of Negro's Prediction.

Chicago, June 19.—A dispatch to a morning paper from Madison, Wis., says:

Fully 1,500 people spent Sunday outside of Madison because of a superstitious fear of the destruction of the city as predicted last week by a negro exhorter who said waters of the Lakes Mendota and Monnona would rise up and engulf the city because of the iniquities. The exhorter called himself Professor Jones.

The prophecy was the talk of the town for several days and scores of timid persons drew their deposits out of the banks and left town.

Hundreds crossed the lakes to the pleasure parks and railroads had to put on extra coaches to accommodate the outward travel.

One man rushed a houseboat to completion, and he and his family occupied it. University professors and ministers sought to allay the fear through the newspapers, but they were of no avail. Most of the frightened people returned to the city Sunday night.

Following the Flag.

When our soldiers went to Cuba and the Philippines, health was the most important consideration. Willis T. Morgan, retired Commissary Sergeant, U. S. A., of Rural Route No. 1, Concord, N. H., says: "I was two years in Cuba and two years in the Philippines, and being subject to colds, I took Dr. King's New Discovery for Consumption, which kept me in perfect health. And now, in New Hampshire, we find it the best medicine in the world for coughs, colds, bronchial troubles and all lung diseases. Guaranteed at all druggists'. Price 50c and $1. Trial bottle free.

Kidnaped Boy Found.

New York, June 19.—Fred Diemuth, the 7-year-old boy who was kidnaped in Philadelphia last week, was found in Brooklyn Sunday according to the World. He is with relatives there. It is said there will be no prosecution. A dispatch received here from Philadelphia, says the chief of detectives has secured a confession from the boy's father that he knew all along who stole the boy, and that he knew he was with relatives.

Will be Charged with Murder.

Los Angeles, June 19.—The police announce that charges of murder in the first degree will be filed against Mrs. Arilla Scheck and Ernest G. Stackpole, who are held on the charge of killing Joseph Scheck. Mrs. Scheck is said by the police to have confessed that Stackpole did the killing.

Murdered Woman Possessed Fortune.

New York, June 19.—The police and coroner in searching the Stanton house in the Bronx where Mrs. Alice D. Kinnan was mysteriously murdered more than a week ago, found bank books showing deposits of more than $10,000. The entire house is said to be in a topsy turvy condition, many of the rooms being piled high with rubbish, thus making the search difficult. Mrs. Stanton, mother of Mrs. Kinnan, was taken from her home last Friday to allow the authorities to search for possible clews which would throw light on the murder. Nothing has been discovered, however, to point toward the murderer. Fifteen bank books were found yesterday. On Saturday $16,000 was uncovered in the house.
